

DESCRIPTION • AÇIKLAMA

Special alloy aluminium ladder
Special designed steps which prevents slipping
Industrial Use
Durable, rustproof and maximum endurance
Safety rail system
Easy mobility and fixing thanks to wheels and locking system.
Comfortable working with its wide platform

Özel alaşımlı alüminyum merdiven
Kaymayı önleyen özel tasarımı basamaklar
Endüstriyel amaçlı kullanım
Uzun ömürlü paslanmaz maksimum mukavemet
Güvenli korkuluk sistemi
Tekerler ve kilitleme sistemi sayesinde rahat hareket edebilme ve sabitleme
Geniş platformu sayesinde rahat hareket edebilme

ALUMINIUM DOUBLE SIDE PLATFORM
WITH SPRING WHEELS

ALÜMİNYUM ÇİFT ÇIKIŞLI PLATFORM

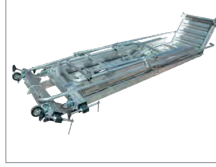

GENERAL PROPERTIES • GENEL ÖZELLİKLER

Wide working platform.
Geniş çalışma platformu.

Aluminium strong carrying foot.
Güçlü alüminyum taşıyıcı ayaklar.

Disassembled State
Demonte hali
